Received parts for Vesper Park Playset and have installed

The Gentleman at the last council meeting mention a sidewalk that had not been repaired after a water leak on Lights Pointe has been addressed.

362 water meters have been installed as of today.

Will need a motion later to entered into a Memorandum of Understanding of support for the designation of the Lawrence Community Action Organization to act as the assigned Lead Entity for the Lawrence County ACGP program, and for the designations of the Ohio Valley Regional Development Commission as Lead Entity should Lawrence County ACGP program activities be included within a Multi-County ACGP Project
