UTILITY CONNECTION INFORMATION

- Permit holder shall be responsible for contacting all underground utilities prior to excavation. This can be accomplished by calling the Ohio Utilities Protection Service at 1-800-362-2764.
- Any required road borings are the responsibility of the permit holder and are not included in the fee schedule.
- Final restoration shall be completed not more than one week following closure. Where restoration can not be accomplished within this time frame due to the nature or size of the project or due to weather conditions, the permit holder shall provide a timetable for completion to the Office of the Village Administrator.
- All permits shall be void six months after date of issue.
- Any costs incurred by the Village for protection of the site, maintaining a clean work area, or repairing damage will be at the permit holder's expense.
- The permit holder shall indemnify and hold the Village harmless from and against any claim, demand, lawsuit, or judgement made by any person whatsoever, arising out of an exercise of privilege granted by this permit and based upon either property damage or personal injury, or both, and to reimburse the Village for any expense incurred by it by reason of any such claim, demand, lawsuit, or judgement. Any person accepting any such permit shall be bound by these terms without further contract or agreement.
- **ALL PERMITS MUST INCLUDE A COPY OF EXCAVATION/UTILITY SITE PLAN.**
- Inspections shall be requested not less than one full workday prior to the commencement of work. Where closure occurs without inspection, the Village may, at its option, require re-excavation or forfeiture of the deposit. Please call (513) 553-2001 for all excavation & tap-in inspections.
